Comcom Foodservice Supplies Corporation

is a private corporation formed to provide the Philippine market access to quality kitchen-related supplies at affordable prices. Our expertise stems from a long history of being in the market, with its humble beginnings that can be traced back to the 1960s.

We have a wide range of items that cover material needs inside the kitchen, and even outside the kitchen, depending on the type of organization our client is. We have items in different categories like: dinnerware, beverageware, barware, janitorial supplies, baking supplies, kitchen tools and gadgets, kitchen appliances and more.

Our clientele has grown from households into commercial establishments such as canteens, caterers, food kiosks, bakeshops, restaurant chains, hotels, and resorts.
